- Established in 2017
- Over 14 man-years of experience with Korean Rice Dog business
- Provide Korean Rice Dog mix, bamboo sticks, and Rice Dog Clips to customers in CA, TX, VA, and NY

KOREAN RICE DOG BUSINESS

Korean Rice Dog is a mega hit product/concept in the USA since 2017. The first store opened in GA which generated a huge following first, although its popularity in GA was short lived. The opening of the Los Angeles store started a fandom and soon spread to other cities and states.

SG Food Group officers/staff were heavily involved with marketing and operation of the Los Angeles store.

SG Food Group understood from the beginning that the success of Korean Rice Dog is due to its mix, and the mix is the corner stone of this business. Importing from Korea has had several logistical issues and it created a demand for locally available Korean Rice Dog Mix.

SG Food Group created its own version of Korean Rice Dog Mix. The formula is wholly owned by SG Food Group and is produced by a custom dry blending & packaging factory in Southern California.

SG Food Group consults and supports individuals who desire to open their own brand Korean Rice Dog business, or to add Korean Rice Dog as side items to their existing menu. In addition, some of the other franchisees substitute SG Food Group mix with their franchisor supplied mix, due to far better quality, taste and financial savings.

If you are looking to begin a new Korean Rice Dog business, franchise or just to simply add it to your existing menu, please contact us by writing at sgfoodgroupinc@gmail.com.

Thank you!

KOREAN RICE DOG MIX (PREMIX)

SG Food Group Inc's Korean Rice Dog Mix is one of premium quality and tasty ingredients that can accelerate your Korean Rice Dog business. Its taste and quality have been proven since its first introduction in 2019.

SPECIFICATION

- Formular ownership belongs to SG Food Group Inc
- Net Weight: 12 lb. per bag
- **Allergens: Milk, Wheat**

INGREDIENTS

Bleached Wheat Flour (Enriched with Niacin, Iron, Thiamine, Mononitrate, Riboflavin, Folic Acids), Sweet Rice, Tapioca Starch, Sugar, Nonfat Dry Milk, Salt, Baking Powder (Sodium Bicarbonate, Corn Starch, Sodium Aluminum Sulfate, Calcium Sulfate, Monocalcium phosphate), Sorbitan Monostearate

CAPACITY

When properly made according to SG Food Group Inc instruction, with each bag of Korean Rice Dog Mix, can produce 95-135 rice dogs. The exact quantity of rice dogs that can be produced with each bag depends on quality of workmanship and types of rice dog made.

DIRECTION

Add the following, for a full-size dough.

- One (1) bag of Korean Rice Dog Mix (12 lbs.)
- 16 grams of Active Dry Yeast (Red Star brand)
- 4 liter of lukewarm water (around 80-90 degrees F)
- Pour water first, add yeast and mix them well in the bowl of your 20-quart size mixer.
- Add Korean Rice Dog Mix to the bowl in step 4.
- Attach the dough hook, set timer to 2 minutes and the mixer speed to 1, turn it ON.
- When 2-minute mixing is done, set timer to 3 minutes and the mixer speed at 2, turn it ON.
- Once 3-minute mixing is done. Scrap off mix from sides and bottom using a spatula.
- Set the timer to 1 minute and the mixer speed to 1, turn it ON.
- When 1 minute mixing is done, set timer to 4 minutes and the mixer speed to 2, turn it ON.
- When 4-minute mixing is done, pour dough into the 6-inch-deep full-size food pan.

For a half-size dough, ½ bag of Korean Rice Dog Mix, 8 grams of Active Dry Yeast, and 2 liters of lukewarm water, and follow steps 4 thru 11.
